We are BACK...

and better than ever! Doss CCSD is excited for the 25-26 school year filled with growth, innovation, and community spirit. Over the summer, cosmetic updates brightened our Annex and hallways, creating a welcoming environment for students and staff. Classrooms are now equipped with upgraded technology, including 1:1 Chromebooks and new interactive TVs, giving students more opportunities for engaging and personalized learning. Our Bee Project is buzzing with activity, and the winter garden has already been planted, offering hands-on experiences that connect students to nature and sustainability. We are thrilled to welcome new students and staff

members who bring fresh energy and ideas to our district. As always, we invite parents and community members to be active partners in our work by joining the District Improvement Committee, School Health Advisory Committee, volunteering at school, or supporting the Friends of Doss School. Together, we can make this a successful and inspiring year for all.

Curriculum Corner

During the 2025 legislative session, the Texas Legislature enacted Senate Bill 12, which significantly expands parental rights in public education by increasing transparency, notification, and consent requirements around curriculum, student services, and instruction. Under SB 12, school systems must provide parents access to course syllabi or instructional plans before each semester. In compliance with this law, syllabi have been distributed to parents, and additional copies are available upon request by contacting the classroom teacher. For ease of access and transparency, syllabi will also be posted on the district website for parents to review at any time.
