

# 2026-2027 Doss CCSD Emergency Communication System

**In case of inclement weather, or any emergency, the following Bad Weather Procedures and Emergency Communication System will be utilized:**

The Bus Driver will review weather conditions and potential road safety concerns. The Superintendent will contact Gillespie County Officials about road conditions and surrounding school districts about possible school closure. The Superintendent and Bus Driver will share information.

**The Superintendent will determine all school closings and/or shortened days.** The Board President will be notified of the decision. To the extent possible, telephone, radio, television, and internet notices will be posted. Immediately, the attached Emergency Communication System will be initiated.
