Parental Engagement Policy

Doss Consolidated Common School District

Public Comment at Board Meetings

At the beginning of each regularly scheduled Board of Trustees meeting, time shall be provided for public comment, with parents and guardians specifically encouraged to share input regarding district and campus goals, plans, and performance. Parents will be informed in advance, through district communications (website, social media, and newsletters), of the opportunity to speak and the procedures to follow for submitting requests to address the board.

Access to District and Campus Plans

District and campus performance objectives and improvement plans will be made available to parents and guardians in a timely manner, both online and at the district office.

Parents are encouraged to review these plans and provide feedback during public comment or through written submission.

Parental Engagement Opportunities

The district will provide multiple opportunities throughout the year for parents to engage with staff and leadership, including:

- Parent-teacher conferences
- Curriculum/information nights
- Surveys for input on district goals and programs
- Participation in district or campus-level planning committees, as appropriate

Building Relationships with Families

Doss CCSD staff and leadership will work to strengthen relationships with families through open communication, trust, and collaboration.

The district will provide updates on student achievement, safety, and school activities regularly to ensure transparency.

Annual Review

The Board of Trustees shall annually review this policy to ensure compliance with state law and to consider adjustments based on feedback from parents, staff, and community stakeholders.
