Dear Constituents and Friends:

Last night I had a crazy dream, a wish was granted just for me

Today we open the doors in Doss to an exciting school year. Teachers and staff have been working very hard to prepare for students to arrive. The pleasures of summer will be replaced with motivating lessons and learning. For school plans or other plans, we often believe there is not enough time in the day. Though the time for sunrise and sunset may vary, always 1 day = 24 hours = 1,440 minutes = 86,440 seconds.

I didn't ask for money or a mansion in Malibu, I simply wished for one more day with you

With thanks to past and present Board members, the future is secure for Doss School. We continue to upgrade the facilities, this year focusing on health and safety with a window/door replacement project. New instructional resources for all areas of learning are also in place. The entire instructional team returns, with new support staff in the office and for cleaning. With excitement, today we welcome an increased enrollment.

First thing I'd do is pray for time to crawl, I'd hold you every second, say a million I love you's

As an employee, parent, or community friend, we appreciate your support of children and education. Working together, we can and will make a difference in the life and future of children. For three years now, educational opportunities have undergone change due to the pandemic. With the close of the 87th Legislative Session there are even more changes on the horizon for education. So, it is very important for us make every day count.

One more day, one more time; one more sunset maybe I'd be satisfied

Children are our future! The growth and learning of children are a shared responsibility we take very seriously. Encourage, support, teach, and love your children, just as we will do so in Doss. We are so thrilled to have an increased number of parents to share their children with Doss School. We invite everyone to join us in making every day count. Offering myself to Doss CCSD and to you as a resource, thank you for one more day!

But then again, I know what it would do
Leave me wishing still for one more day

Sincerely,

Pam Seipp, Administrative Consultant
